## Experience

### Game Artist

March 2025 - August 2025

*Castix, Remote*

- Contributed to the development of Medieval Lands, a large-scale medieval fantasy MMORPG.
- Designed concept art for two original creatures by transforming real-world animals into fantastical monster forms, highlighting and exaggerating their unique attributes in a twisted, imaginative way. One piece followed specific art direction, while the other allowed for broader creative freedom.
- Collaborated closely with the Art Director, receiving and applying feedback to refine designs and align with the game's artistic vision.
- Assisted in creating several logos and insignias that will appear on in-game clothing and equipment, adding visual depth and identity to the world.
- Gained hands-on experience with the end-to-end process of concept development, from ideation and sketching to polished presentation pieces.
- Developed a deeper understanding of the role of a concept/game artist within a professional studio setting, including iteration, feedback cycles, and cross-team collaboration.

### Retail Coverage Merchandiser

May 2025 - August 2025

*Acosta Inc, Elyria OH*
